- 4 From the Chief Engineer, Minor Irrigation (AR), Hyderabad DCE.II/OT3/SO1(ATP)/Potticheruvu M I Tank/13-14, dated 11-02-2014.

<<>>

Government have accorded administrative approval for the work Excavation of feeder channel from foreshore of Potticheruvu Minor Irrigation Tank to feed Kotanka Percolation Tank near Kotanka (V) in Garladinne (M) in Anantapur District for Rs.41.00 lakh vide G.O. 1<sup>st</sup> read above.

2. The Engineer-in-Chief (IW), I & CAD Department, Hyderabad in the reference 2<sup>nd</sup> read above has submitted the Revised Estimate for the work Excavation of feeder channel from foreshore of Potticheruvu MI Tank to feed Kotanka Percolation Tank near Kotanka (V) in Garladinne (M) in Anantapur District stating that Government have accorded administrative approval for the above work for Rs.41.00 lakh vide G.O.Rt.No.1002, Irrigation & CAD Department, dated 1-8-2008. Technical sanction was accorded by the Superintending Engineer, Irrigation Circle, Anantapur for Rs.41.00 lakh based on the SSR 2008-09. The ayacut proposed under this channel is 75 acres under bore wells. Tenders were called for and the work was entrusted to M/s. Sri Raghavendra Constructions, Anantapur at 27.70 % less on ECV of Rs.37.56645 lakh. The value of agreement is Rs.27,16,054/- and the period of completion as per agreement is 4 months and the work is in progress. The work consists of Excavation of feeder channel from foreshore of Potticheruvu Minor Irrigation tank to feed Kotanka percolation tank of about 1750m length near Kotanka (V) in Garladinne (M) and construction of two numbers of pipe culverts for cart tracks at Ch.1075m and 1700m to cross channel. During execution certain deviation were necessitated such as change in classification and disposal of excavated soils and Land Acquisition. The main reasons for the deviations are as follows:

1. The increase in the cost of earthwork excavation is due to Change of Classification of Soils during excavation of Feeder Channel.
2. The increase in the cost of Excavation of Feeder channel is also due to change of lead to 1 km from that of originally sanctioned ½ km lead and Rehandling operation for dumping the excavated spoil.
3. The cost of Land Acquisition was increased as per the requisition of Revenue Authorities.
4. The excess in L.S. amounts are mainly due to increase in statutory provisions of VAT at 5% and cess at 1%.

PTO

::2::

3. The Committee of Chief Engineers examined the deviations in the Revised Estimate and recommended for Revised Administrative sanction for Rs.59,32,000/-.

4. Government after careful examination, hereby accord Revised Administrative Approval for the work Excavation of feeder channel from foreshore of Potticheruvu M.I. Tank to feed Kotanka Percolation tank near Kotanka (V) in Garladinne (M) in Anantapur District for **Rs.59.32 lakh** (Rupees fifty nine lakh thirty two thousand only).

5. The amount sanctioned in para 4 above shall be debited to the head of Account 4702 COL on MI, MH 101-surface water GH (11) – Normal State Plan SH (12) Construction and restoration of MI Schemes 530 Major works, 531 other expenditure.

6. The Chief Engineer, Minor Irrigation (AR), Hyderabad shall take necessary action accordingly.

7. This order issues with the concurrence of Finance (Exp.PW) Department vide their U.O.No.30887/740/Expr.PW(I)/13, dated 10-12-2013.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
